

## Wine and Roses

### Day Trip

Arrive in **Harford County** to meet your guide for an orientation and history of the area. You will travel through Maryland's horse country towards northern Harford County to **Ladew Topiary Gardens**. This is a world-class setting of twelve individual gardens interlaced with whimsical, classic and always stunning examples of topiary artwork. The manor house is filled with antiques, and its library is considered one of the most beautiful rooms in America.

From Ladew, we continue through the countryside to **Fiore's Winery**, part of the Piedmont Wine Trail. This highly-respected vineyard produces wines in the classic Italian-style, but with its own, uniquely Maryland character. You'll enjoy a lunch overlooking the vineyards. Then it's time for a tour of the winemaking process and a sample of the local wares, complete with tasting glass for you as a keepsake. For those spending the night, enjoy day 2 in historic Havre de Grace.
